

Assistant Professor of Mathematics Reposting

The University of New Hampshire at Manchester (UNHM) invites applications for the tenure-track, full-time faculty position of Assistant Professor of Mathematics in the Division of Science and Technology.

UNH Manchester, the university's urban campus, serves New Hampshire's largest, most diverse, and rapidly growing community. The College actively creates and nurtures a dynamic learning environment in which qualified individuals of differing perspectives, life experiences, and cultural backgrounds pursue academic goals with a mutual respect and shared spirit of inquiry. For more information about UNHM, visit the website: <http://www.unhm.unh.edu>.

The successful candidate will have an earned doctorate in mathematics education with a strong background in mathematics (preferably a master's degree in one of the mathematical sciences) or an earned doctorate in mathematics with research experience in elementary mathematics education. Doctoral candidates who are ABD will be considered if their defense date is expected to be by the end of 2011. We seek applicants who have demonstrated high quality teaching of undergraduate students.

Responsibilities include teaching undergraduate mathematics courses; coordinating the mathematics program; advising and mentoring students; conducting research and/or engaged scholarship in mathematics education; serving on college and university committees; and serving the mathematics community of educators, researchers, and professionals.

Instructional responsibilities include being willing and able to teach all of the following courses: developmental math courses, Finite Mathematics, Pre-calculus through Calculus II, Calculus for the Life Sciences. Instructional responsibilities may also include one undergraduate/graduate mathematics education course per year; specifically for in-service and pre-service elementary mathematics teachers. A typical teaching load is three 4-credit courses per semester.

Send application letter, vitae, transcripts (official or unofficial), copies of all teaching evaluations from the past three years, a statement of teaching philosophy, and at least three letters of reference. All application materials should be sent (Word or PDF format) to: Elizabeth Lathrop, Human Resources, elizabeth.lathrop@unh.edu.

Review of applicants will begin immediately and continue until the position is filled. Background check may be required prior to employment. This position would preferably begin August 2011 however, a January 2012 start is possible.

The University of New Hampshire is an Equal Opportunity/Equal Access/Affirmative Action institution. The University seeks excellence through diversity among its administrators, faculty, staff, and students. The university prohibits discrimination on the basis of race, color, religion, sex, age, national origin, sexual orientation, gender identity or expression, disability, veteran status, or marital status. Application by members of all underrepresented groups is encouraged.

Please note, an application for this position will not result in consideration for the position listed by the UNH Durham mathematics department.
