

Announcement of Faculty Vacancy in Mathematics Education

The Department of Curriculum and Teaching at Boston University is seeking a qualified candidate for a faculty position in the Mathematics Education program. This is for a Clinical Professor to begin in Fall 2012.

Description of Duties

- Develop and teach both undergraduate and graduate courses in mathematics education for elementary and early childhood education majors.
- Participate in externally funded research activities.
- Contribute to outreach to schools through professional activities such as providing professional development, consulting, and curriculum development.
- Provide professional and academic advisement to students including those seeking licensure for teaching.
- Build positive relations with local schools, other departments at Boston University, the Massachusetts Department of Education, and professional mathematics education organizations.

Preferred Qualifications

- Doctorate in Mathematics Education; BA or equivalent in mathematics
- Experience teaching mathematics at the K-6 level
