

Northern Arizona University is recruiting for two non-tenure track positions (Master Teachers) in the NAUTeach Program. Appointments will be made at the level of Assistant Clinical Professor – one with a science background, one with a mathematics background.

Minimum Qualifications are:

- Master's degree related to science, mathematics, or education
- Five years experience teaching science or mathematics at the secondary level (grades 7-12)
- Current or expired secondary science or mathematics teaching certification

Preferred Qualifications are:

- Eight or more years teaching experience at the secondary level (grades 7-12)
- Bachelors degree in science or mathematics
- Significant content preparation in science or mathematics
- Demonstrated knowledge of best practices in science and/or mathematics teaching
- Experience working with pre-service teachers
- Demonstrated leadership in educational settings
- Ability to interact and communicate well, especially with undergraduate students
- Ability to work effectively with a culturally diverse population of students, faculty, and staff.

Please see [www.nau.edu/hr](http://www.nau.edu/hr) for full position announcement and application procedures.

NAU is an AA/EEO/MWDV employer.
