

NORTHERN MICHIGAN UNIVERSITY
Mathematics and Computer Science Department
Assistant Professor, Developmental Mathematics

Developmental Mathematics: The Mathematics and Computer Science Department at Northern Michigan University invites applications for a tenure-track position in Developmental Mathematics at the rank of Assistant Professor beginning in fall, 2012. Responsibilities include teaching and coordinating service (including developmental) mathematics courses. The successful applicant must possess a Ph. D. or Ed. D. in Mathematics, Mathematics Education, Education with an emphasis in mathematics, or a related field. The successful candidate must have experience that includes K-12, community college, and/or sustained undergraduate teaching of developmental mathematics courses.

The Mathematics and Computer Science Department at Northern Michigan University prepares students for professional careers in mathematics, mathematics education, and computer science, while providing service and liberal studies courses for the broader university community. The department offers bachelor's degrees in mathematics, mathematics education, and computer science, and a Master of Science degree in mathematics education. In addition, the department contributes to the professional development and continuing education of K-12 mathematics teachers in the region. For more information about the Mathematics and Computer Science Department, see <http://math.nmu.edu/>.

Northern Michigan University is a comprehensive institution with approximately 9,400 students located in the city of Marquette on the shore of Lake Superior. Marquette County is a community of approximately 65,000 and is the cultural, commercial, medical and governmental center of Michigan's beautiful Upper Peninsula. The region offers unexcelled outdoor recreational opportunities in all seasons. Marquette is consistently named as one of the top ten places in the nation for quality of life and for raising a family. Convenient access to the Upper Midwest's major population centers of Chicago, Minneapolis, Milwaukee, and Detroit is available through Sawyer International Airport.

The University has a faculty of 300 on a 350-acre campus and offers over 135 majors in the academic programs of three undergraduate colleges and a College of Graduate Studies. NMU is one of the largest notebook computer campuses in the United States with all faculty and full-time students receiving either a ThinkPad or iBook.

The successful candidate will teach and coordinate service (including developmental) mathematics courses, contribute to service responsibilities, and demonstrate the potential for professional growth and/or scholarship.

To apply for this position please go to <https://employMe.nmu.edu>. Applications include a complete résumé; letter of application; unofficial transcripts; statement of teaching philosophy (especially as it relates to the diverse population of students in entry level mathematics courses), and three letters of reference, with at least one addressing the candidate's teaching abilities. The reference letters should be sent to Debbie Violetta, Academic Affairs Office, Northern Michigan University, 1401 Presque Isle Avenue, Marquette, MI 49855. Ms. Violetta will upload the letters into the application materials.

The position will be posted until January 9, 2012.

NMU is an equal opportunity, affirmative action employer and is strongly committed to increasing the diversity of its faculty.
