

ST. JOHN FISHER COLLEGE
Rochester, NY
Assistant Professor of Mathematics Teacher Education

St. John Fisher College in Rochester, New York, invites applications for a tenure-track position in the Graduate Program for Mathematics, Science and Technology Education, at the rank of Assistant Professor beginning September 1, 2012. This position is subject to final budget approval. A doctorate in Mathematics or Mathematics Education and mathematics teaching experience at the secondary level are required. The successful applicant must demonstrate a strong commitment to teaching in a liberal arts setting and should be prepared to teach a wide range of mathematics teacher education courses and to teach occasional undergraduate mathematics content courses. Preference will be given to candidates who have one or more of the following: a master's degree or the equivalent in mathematics or a related field, teaching experience at the college level, prior work with professional development, the ability to teach graduate mathematics content courses, or experience with elementary school mathematics. The successful applicant should also expect to be involved in the growth of the Graduate Program for Mathematics, Science and Technology Education, and play an active role in outreach and service to area K-12 teachers.

To ensure consideration, applicants must submit an application, a letter of interest, a statement of teaching philosophy, a statement of research interests, and a curriculum vita to: <https://jobs.sjfc.edu>.

Letters of recommendation highlighting the applicant's teaching ability as well as her or his research interests, and a transcript (a copy is acceptable) should be sent to: Dr. Bernard Ricca, Chair of the Mathematics Teacher Education Search Committee, St. John Fisher College, 3690 East Avenue, Rochester, NY 14618 or sent via email to bricca@sjfc.edu. Screening of the applicants will begin October 15, 2011 and will continue until position is filled.
