

# The University of Georgia

Department of Mathematics and Science Education

## ASSISTANT/ASSOCIATE PROFESSOR OF MATHEMATICS EDUCATION

**Position:** Applications are solicited for an assistant or associate professor of mathematics education to begin in August 2012. The position is a tenure-track, academic year appointment with the possibility of summer employment.

**Qualifications:** A doctorate in mathematics education or related field is required (and must be earned by the start date), and graduate-level study in mathematics is required. School mathematics teaching experience is expected. An active record of scholarship and productivity commensurate with experience is required. Assistant professor candidates should have strong potential for attracting external funding; associate professor candidates must have a proven track record of obtaining external funding. Candidates seeking appointment at the rank of associate professor must have been in rank as an assistant professor for 5 years and must meet University of Georgia criteria for the rank of associate professor (<http://provost.uga.edu/index.php/policies-procedures/appt-promotion-tenure/>).

**Responsibilities:** Primary responsibilities for research (50% of workload, implemented as 2 courses per semester) include conducting an active research program in mathematics education, publishing scholarly work, and seeking external funding. Primary responsibilities for teaching (50% of workload) include courses in undergraduate mathematics education programs for elementary, middle, or secondary school teachers; courses in graduate mathematics teacher education programs; courses in the mathematics education doctoral program; and advisement of undergraduate and graduate students. Service to the institution and profession is also expected.

**Procedure:** Submit a letter of application, curriculum vita, transcripts for all degrees earned (unofficial transcripts accepted initially), a statement of professional goals, up to 3 samples of published scholarly writing, and names and contact information of 3 individuals who could serve as references to James W. Wilson, Department of Mathematics and Science Education, 105 Aderhold Hall, University of Georgia, Athens, GA 30602-7124; e-mail: [jwilson@uga.edu](mailto:jwilson@uga.edu); telephone: (706) 542-4552. The application deadline is November 1, 2011, but we will continue to receive and screen applications until the position is filled. Note that we have 2 positions open; please be clear about the position for which you are applying.

**Local context:** The University of Georgia Department of Mathematics and Science Education consists of 13 full-time mathematics educators and 9 full-time science educators with research interests spanning learning, curriculum, teaching, teacher education, technology, and equity. In the mathematics education program we offer BSEd, MEd, MA, MAT, EdS, and PhD degrees and support over 30 mathematics education doctoral students with assistantships. We currently have multiple active NSF grants. We enjoy strong collaborative relationships with colleagues in the Mathematics Department, the Statistics Department, and area school districts. The College of Education consists of 9 departments and approximately 220 faculty members. The University of Georgia is a land- and sea-grant research-intensive university composed of 15 schools and colleges with approximately 35,000 students. Athens is a town of over 100,000 located 75 miles northeast of Atlanta.

The University of Georgia is an  
Equal Employment Opportunity/Affirmative Action/Americans with Disabilities Act institution
