Foreword..... vii

Barbara Reys, University of Missouri

1. **Mathematics Teaching: Putting Research1
into Practice at All Levels**

Johnny W. Lott, University of Mississippi
Jennifer Luebeck, Montana State University

2. **Knowledge for Teaching Statistics with7
Technology: Examining Mathematics
Teacher Educators' Planning**

Hollylynne Stohl Lee, North Carolina State
University

Sarah E. Ives, Texas A & M University–Corpus
Christi

Tina T. Starling, North Carolina State University

Karen F. Hollebrands, North Carolina State
University

3. **Enhancing Specialized Content Knowledge25
for Teaching Mathematics through Authentic
Tasks of Teaching in a Professional Learning
Environment**

Anita Lenges, The Evergreen State College

4. **Relationships between Content Knowledge,41
Authority, Teaching Practice, and Reflection**

Denise Spangler Mewborn, University of Georgia
5. **Using Online Social Networking to Connect.....57
University Supervisors and Student Teachers**

Landrea Miriti, Bluegrass Technical and
Community College
Margaret J. Mohr-Schroeder, University of
Kentucky
6. **Using Collegiate Classroom Video:73
Mathematics Faculty Reflect on Their
Own and Their Peers' Practices**

Julie Cwikla, University of Southern Mississippi
Gulf Coast
7. **Textbook-Specific Professional Development:91
Impacting Teachers' Knowledge and Views**

Fran Arbaugh, University of Missouri
John Lannin, University of Missouri
Dustin L. Jones, Sam Houston State University
David Barker, Illinois State University
8. **Disciplined Analysis of Mathematics109
Teaching as a Routine of Practice**

Rossella Santagata, University of California–Irvine
Elizabeth A. van Es, University of California–Irvine

9. **Developing Reflective Practitioners through125
Lesson Study with Preservice and Inservice
Teachers**

Jennifer Suh, George Mason University

Jana Parker, George Mason University

10. **Reading in the Content Area: A.....141
Mathematics-Specific Course Design**

Denisse R. Thompson, University of South Florida

11. **Multiple Uses of Research in a Mathematics.....157
Methods Course**

Laura R. Van Zoest, Western Michigan University

Shari L. Stockero, Michigan Technological
University

Alden J. Edson, Western Michigan University

12. **Developing Preservice Teachers'173
Mathematical and Pedagogical Knowledge
Using an Integrated Approach**

Leigh A. van den Kieboom, Marquette University

Marta T. Magiera, Marquette University

13. **A Case Study of Alternative Pathways to191**
Secondary Teacher Certification in
Mathematics: How Should the Pathways
Be Structured?

Babette M. Benken, California State University–
Long Beach

Susan Gomez-Zwiep, California State University–
Long Beach

14. **Letter Writing: Providing Preservice.....207**
Teachers with Experience in Posing
Appropriate Mathematical Tasks to
High School Students

Karl W. Kosko, Virginia Polytechnic Institute and
State University

Anderson Norton, Virginia Polytechnic Institute and
State University

Angie Conn, Virginia Polytechnic Institute and State
University

Jan Michael San Pedro, Virginia Polytechnic
Institute and State University

15. **Purposefully Designing Student Teaching to.....225**
Focus on Students' Mathematical Thinking

Keith R. Leatham, Brigham Young University

Blake E. Peterson, Brigham Young University
