Great Hearts Academies is a non-profit network of twenty-five charter schools in Arizona and Texas dedicated to improving education by developing excellent public prep schools. Great Hearts' academies are substantially outperforming other public and private schools, proving that tuition-free schools can do a superb job of educating students if they are smaller, more efficient, and set higher expectations for all students through a core, classical liberal arts curriculum. We gladly prepare our graduates for success in the best colleges and universities in the nation, but our main purpose is the formation of the soul, heart, and mind. We believe that the highest goal of education is to become good, intellectually and morally.
