

MARQUETTE
UNIVERSITY

HELEN WAY KLINGLER
COLLEGE OF ARTS AND SCIENCES

Postdoctoral Research Associate Position in Mathematics Education available to start Spring 2015.

The position involves supporting research for a National Science Foundation project designed to examine the development of K-8 pre-service teachers' knowledge of mathematical argumentation and proving. The successful candidate will have opportunities to significantly contribute to the project, including data collection and analysis, and to develop grant proposal and manuscript writing skills.

For more information about the position and application process see:

<https://employment.marquette.edu/postings/3493>

Required application materials are (1) letter of interest, (2) curriculum vita, (3) unofficial transcripts, (4) research statement, (5) reference list (6) sample of mathematics education-focused scholarly writing (e.g., dissertation chapter, published article, conference paper).

Review of applications will continue until the position is filled. Applications received by Oct. 15, 2014 will receive first consideration.
