

Open Rank (Full/Associate/Assistant) Professor Mathematics and Mathematics Education

FLORIDA INTERNATIONAL UNIVERSITY seeks applicants for a faculty position (rank open) with an earned doctorate in Mathematics, Mathematics Education, or related field with extensive background in teaching both mathematics and mathematics education courses. This will be a joint position between the Department of Mathematics & Statistics in the College of Arts & Sciences and the Department of Teaching and Learning in the College of Education. The tenure home is expected to be in Education or possibly Mathematics dependent on the candidate's credentials. Evidence of teaching in these areas to culturally and linguistically diverse students is preferred.

Demonstrated commitment to research in mathematics education is expected; grant procurement commensurate with level of position and experience is recommended. Evidence of mentoring graduate students and experience working with public schools and/or other community agencies is preferred. Send vita, copies of two recent publications or reprints, and a letter describing research interests to Prof. Maria Fernandez, Associate Chair Department of Teaching & Learning-ZEB 214A, College of Education, Florida International University, Miami, FL 33199. Review of applications will begin April 20, 2011 and will be open until the position is filled.
