

Academic Year 2013/2014

Assistant, Associate, or Full Professor

Overview

The Department of Mathematics at The University of Arizona invites applications for tenure-track positions at the Assistant, Associate or Full Professor levels, to begin Fall of 2013. We are accepting applications in any research area in mathematics or mathematics education.

Members of the department create, communicate, and apply mathematics of the highest caliber through activities such as internationally recognized research and graduate education, award winning undergraduate programs, and extensive outreach to local schools.

The department's faculty includes two Regents' Professors, three University Distinguished Professors, and numerous recipients of national and international awards. Over the last five years, a large percentage of the faculty has been awarded grants and contracts from external funding agencies, with total awards averaging about \$5 million per year.

The department offers PhD, MS, and MA programs in Mathematics and Mathematics Education, and it provides major contributions to the Graduate Interdisciplinary Degree Programs in Applied Mathematics and Statistics. It also offers several unique post-doctoral opportunities for recent PhDs planning careers in research and education.

Responsibilities

Faculty members are expected to maintain an active research program, to participate in both undergraduate and graduate education, and to carry out advising duties and committee assignments. The official teaching load in the Department is twelve units for the academic year. However, the normal teaching load for research active faculty is nine units for the academic year (the equivalent of three one-semester courses each year).

Qualifications

Candidates are expected to have a PhD by the time of appointment. They are also expected to have excellent research potential or record and a strong commitment to teaching.

Deadline

Review of applications will begin November 15, 2012, and continue until the position is filled.

Application Procedure

Go to MathJobs.org, locate the section for Mathematics, University of Arizona and follow the application instructions for the TENTERK position. In addition, you will be required to submit your application on the University of Arizona Human Resources Career Services website <https://www.uacareertrack.com>, search for job #51219.

As an equal opportunity and affirmative action employer, the University of Arizona recognizes the power of a diverse community and encourages applications from individuals with varied experiences, perspectives, and backgrounds M/W/D/V.
