

WE'RE HIRING:

HIRING 4 POSTDOCTORAL RESEARCHERS

Research on Educational Equity and Diversity in STEM (REEDS) Postdoctoral Fellowship Program at the University of Arizona

- Two-year appointment
- \$70,000 annual salary
- \$10,000 research support funds
- \$3,000 conference travel and professional development funds
- Full UAz benefits

Opportunities for early career scholars to critically engage with STEM educational practices within the context of an institution recognized for its award-winning Hispanic Serving Institution (HSI) initiatives.

Four research projects, each led by a faculty mentor:

- Culturally Responsive STEM Transfer (Quantitative):
 - Dr. Heather Haeger
- Culturally Responsive STEM Transfer (Qualitative):
 - Dr. Regina Deil-Amen
- Culturally Responsive Curriculum Development:
 - Dr. Judy Marquez Kiyama
- Servingness through Culturally Affirming Mathematics Curricula:
 - Dr. Guadalupe Lozano

REEDS Fellows will have access to data gathered through these projects and be able to build their own research agenda and produce publications, presentations and future careers that will broadly impact the field of STEM education.
