

Tenure-Track Assistant Professor – Mathematics Education

Log #20-026

The Department of Middle and Secondary Education (MSE) in the College of Education and Human Development at Georgia State University is seeking a full-time, tenure-track assistant professor in mathematics education. Georgia State University is a Research 1 institution with considerable emphasis on recruiting and retaining productive researchers and scholars and exemplar teachers. Home to the *Journal of Urban Mathematics Education*, the MSE department is a diverse faculty group of leading researchers and outstanding teachers who come from countries around the world committed to bettering the human condition. The mission of the MSE department is to engage in research and scholarly activity, teaching, and service in urban environments with people from multiple cultural, ethnic, and linguistic backgrounds. MSE faculty, staff, and students work collaboratively with people in schools, communities, and organizations in Atlanta and around the world. Committed to innovation and creativity and to pushing the boundaries of knowledge and practice, MSE faculty, staff, and students strive to realize the vision of pluralism, equity and social justice where individuals have equitable access to meaningful learning opportunities throughout their lives and the chance to apply knowledge and skills for the greater good. (<http://mse.education.gsu.edu/about/>)

Responsibilities: The faculty member is expected to sustain a balanced portfolio of research and scholarly activity, teaching, and service. Primary **research and scholarly activity** responsibilities include developing and maintaining an active, productive, and high profile research agenda: publications in leading, peer-review journals, books, and proceedings; active and visible participation in and service to local, state, national, and/or international professional organizations; and leading and co-leading grant applications to local, state, national, and/or international agencies seeking internal and external funds to support research agenda. Primary **teaching** responsibilities include teaching undergraduate and graduate students, online and on campus courses; developing and revising undergraduate and graduate courses; mentoring undergraduate and graduate students; supervising and coordinating undergraduate and graduate students' field experiences; and chairing and serving on doctoral students' dissertation committees. Primary **service** responsibilities include serving on department, college, and university committees as well as service to the professional community; coordinating and managing undergraduate and graduate degree programs; and offering and providing expertise to local, state, and national groups and community organizations.

Qualifications: Qualifications include: earned doctorate in Mathematics Education or relevant field with a mathematics education focus; experience in and commitment to working with diverse students in urban schools; and expertise in standards-based mathematics teaching and learning. Successful applicants will have 3 years of professional experience with 6–16 students. A clearly articulated research agenda through publications and presentations is a plus, along with experiences teaching mathematics at the middle school, high school, or undergraduate level as well as teaching mathematics and/or mathematics education courses in a university setting.

Deadline and Process:

Applicants should submit a letter of interest establishing qualifications for the position, curriculum vitae, official transcript of highest degree earned, two samples of scholarly work or works in progress, and three letters of recommendation from individuals within the field of interest. Applications should be submitted via email to:

Mrs. Gwendolyn Kearney
Department of Middle and Secondary Education
Georgia State University
P.O. Box 3978
Atlanta, GA 30302-3978
gkearney@gsu.edu

The review of applications will begin November 5, 2018 and continue until the position is filled. The position is available for August 2019.

Please be advised that should you be recommended for the position, the University System of Georgia Board of Regents policy requires the completion of a background check as a prior condition of employment.

Georgia State University is an Equal Opportunity Employer and does not discriminate against applicants due to race, ethnicity, gender, veteran status, or on the basis of disability or any other federal, state or local protected class.
