

Position Announcement: Colorado State University - Pueblo

Tenure-Track Assistant Professor of Mathematics
Department of Mathematics and Physics
Colorado State University-Pueblo

Position Summary

The Department of Mathematics and Physics at Colorado State University-Pueblo is seeking a Tenure-Track Assistant Professor of Mathematics to begin August 2017. We invite applications from all qualified candidates who will provide high quality teaching across a range of undergraduate mathematics courses, mentoring of students in undergraduate research projects, sustain a productive program of scholarly activity appropriate to an undergraduate teaching department, and appropriate service contributions.

The Department of Mathematics and Physics is part of the College of Science and Mathematics which offers four undergraduate programs and a Master's of Science program. There are 18 full time faculty members in the department, with 9 holding Ph.D.'s, and the rest at master's level. The college's offerings reflect the mission of the University by integrating small class size, independent work with faculty and applied activities.

Minimum Qualifications

* Ph.D. in Mathematics, or in Mathematics Education with a strong mathematics background

Preferred Qualifications

* Ability and commitment to contribute strongly to departmental projects, current curricular needs and mentoring of undergraduate students in a) K - 12 teacher preparation or b) the undergraduate mathematics major in general.

* Demonstrated commitment and ability to motivate, educate, and mentor students from a range of cultural and educational backgrounds similar to that of Colorado State University - Pueblo, in mathematics majors' courses and in service courses.

For the full position description and the required online application instructions, see:
<https://www.csupueblo.edu/human-resources/employment/current-opportunities.html>

Early submission of application materials is encouraged. Screening of application materials will begin immediately and continue until the position closes.

Position Duties

All responsibilities of faculty members at CSU-Pueblo are in accordance with the Faculty Handbook. The Faculty Handbook is the authoritative guide on specific requirements with

regard to teaching assignments, scholarly activity, research, and service.

An Assistant Professor of Mathematics will teach baccalaureate-level courses, and possibly statistics courses, mathematics courses for prospective K-12 teachers, or possibly master's level courses in mathematics. Teaching responsibilities include preparing and presenting course materials; administering appropriate tests; evaluating student outcomes; preparing, administering and grading assignments; and assigning final grades, as well as contributions to departmental curricular revision and development. Scholarship responsibilities include a range of activities such as research and publication, professional consulting, interdisciplinary research collaborations, and reviewed grants, as part of a coherent and productive program of scholarly activity in mathematics, statistics or mathematics education. Service contributions and assignments appropriate to the assistant professor level are expected, which contribute to the self-governance and improvement of the Department, the College, the University, and professional societies within the discipline, and to student recruitment and growth.

ABOUT THE UNIVERSITY

CSU-Pueblo is a regional, comprehensive university. The 275-acre campus, which overlooks the Front Range of south-central Colorado, is located in Pueblo, approximately 100 miles south of Denver in one of the more culturally dynamic regions of the country. Pueblo is proud of its ethnically and culturally diverse populations of over 100,000 people. The University is dedicated to having a multi-cultural campus and is designated as a Hispanic Serving Institution. The University enrolls more than 4,000 students in twenty-eight undergraduate programs with approximately 500 full-time faculty and staff. The University is committed to diversity, and has made educational equity for students one of its highest priorities. With the endorsement of campus, community, system and government constituencies, the University has enthusiastically embarked on a strategic plan to enhance admissions standards, increase program offerings, and improve academic services, including the teacher/learning process. The Pueblo community offers a major arts center, several golf courses, Lake Pueblo - a large reservoir for sailing and boating - and a 20.5 mile long nature trail for hikers and cyclists. The city is within a short drive of the Sangre de Cristo Mountain Range, allowing for hiking, mountain climbing, fishing, camping, and skiing.

Colorado State University - Pueblo is committed to providing a safe and productive learning and living community. To achieve that goal, we conduct background investigations for all final candidates being considered for employment. Background checks may include, but are not limited to criminal history (felony and misdemeanor), national sex offender search, and/or motor vehicle history. Candidates who are extended an offer of employment must submit to and pass a background check prior to beginning employment. Some positions depending on the job duties may be required to complete a DMV and/or credit check.

The University reserves the right to check additional references, with prior notification given to the candidate.

Note: The successful candidate must provide official transcripts of academic work completed and, under U.S. Citizenship and Immigration Services regulations, be able to submit evidence of the ability to accept work in the U.S. by the day employment begins.

In compliance with the Clery Act of 1990, the University's annual security report is available at: <http://www.csupueblo.edu/CampusSafety/>.

Colorado State University is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, or veteran status. Additionally, the University complies with all other relevant, federal, state, and local laws regarding employment practices.
