

## University of Delaware -- Mathematics Instructor or Assistant Professor

The Department of Mathematical Sciences at the University of Delaware seeks to hire two continuing track faculty at the rank of Instructor or Assistant Professor. Successful candidates will teach in our innovative Mathematical Sciences Learning Laboratory (MSLL). MSLL integrates active learning, individualized practice via learning technologies, research-based instructional methods, a data-based approach to improving teaching and learning, and a collaborative instructional team.

We seek candidates committed to and/or experienced in teaching in active learning environments, leveraging technology to support student learning, and collaborating with teams of instructors to improve teaching. Only applicants with excellent teaching skills and a commitment to studying and improving teaching, documented in the application materials, will be considered for this position. The successful candidates can expect to begin on or about September 1, 2017.

Candidates for the rank of Instructor must have a Master's degree in mathematics or mathematics education. Candidates for the rank of Assistant Professor must have a doctoral degree in mathematics, mathematics education, or a related field. Candidates will primarily be teaching introductory mathematics courses to a variety of audiences.

To apply, the following materials must be submitted electronically to the MathJobs website [www.mathjobs.org](http://www.mathjobs.org): an AMS cover sheet, a detailed letter of interest, a curriculum vitae, undergraduate and graduate transcripts, three letters of recommendation, and a statement of teaching philosophy (maximum of two pages) addressing the job qualifications described in the second paragraph. In exceptional circumstances, applications may be sent by mail to Prof. Dawn Berk, Continuing Track Search Committee; Department of Mathematical Sciences; University of Delaware; Newark, DE 19716.

Review of applications will begin on December 1, 2016 and will continue until the position is filled.

The Department of Mathematical Sciences is committed to developing a diverse workforce. The University of Delaware is an equal opportunity/affirmative action employer and Title IX institution. For the University's complete non-discrimination statement, please visit [www.udel.edu/aboutus/legalnotices.html](http://www.udel.edu/aboutus/legalnotices.html)
