

Position Announcement: Assistant Professor in Mathematics Education
Department of Teacher Education and Administration
College of Education
University of North Texas

The [Department of Teacher Education and Administration](#) (TE&A) seeks a tenure-track Assistant Professor in Mathematics Education to begin Fall 2020. The successful candidate will join Curriculum & Instruction faculty in a dynamic undergraduate program leading to EC-6, 4-8, and secondary teacher certification. Mathematics Education faculty also participate in the department's Master in Curriculum & Instruction and in Teaching and Ph.D. program. Of particular interest to the [College of Education](#) are candidates who are committed to improving the lives of people through powerful learning and are committed to social justice.

The University of North Texas is a Tier One Research University in the Dallas-Fort Worth Metroplex – the fourth-largest metropolitan area in the United States. This dynamic region is seeing explosive growth, demographically and economically, with several of the fastest-growing municipalities in the nation, and is host to countless excellent restaurants, parks and outdoor opportunities, cultural institutions of all types, and globally diverse populations. UNT is located only 26 miles north of DFW International Airport. At almost 40,000 students, UNT is one of the nation's largest universities and is highly diverse and is ranked in the top 8% of USA universities based on racial, geographic, gender, and age diversity and among the nation's top 100 universities for social mobility and ethnic diversity (*U.S. News & World Report*, 2020 College Rankings).

The University of North Texas System and its component institutions are committed to equal opportunity and comply with all applicable federal and state laws regarding nondiscrimination and affirmative action. The University of North Texas System and its component institutions do not discriminate on the basis of race, color, sex, sexual orientation, gender identity, gender expression, religion, national origin, age, disability, genetic information, or veteran status in its application and admission processes, educational programs and activities, and employment practices.

Responsibilities: The successful candidate will be expected to teach undergraduate and graduate courses in Mathematics Education, STEM Education, and Curriculum & Instruction; serve on and chair doctoral committees; maintain an active research agenda; seek grant funding; and provide service to the Department, College, University, community constituencies, and professional organizations. Summer teaching is contingent on student demand and funding.

Qualifications: Minimum qualifications include an earned doctorate in Mathematics Education or a closely related field (e.g., Curriculum & Instruction). ABD candidates will be considered as long as the doctorate is successfully defended prior to the start date. Preference will be given to candidates with EC-12 teaching and/or research experience in STEM or STEAM education, university-level teaching experience in Mathematics Education, work with diverse student populations, and evidence of an emphasis on reform-based mathematics education that seeks to promote the equitable learning experiences for students.

Application Instructions: All applications are accepted online at: <http://facultyjobs.unt.edu>. Applicants will submit: (a) Cover letter; (b) Curriculum vitae; (c) List of names and contact information of three

references; (d) Unofficial academic transcripts (official transcripts due upon hire); (e) Narrative describing scholarly research; (f) Statement of teaching philosophy; (g) 1-2 page statement of professional commitment to social justice. Committee review of completed applications will begin immediately and will continue until position is filled. Applications must include all required components to be considered.

The search committee will contact references only after advanced stages of screening. Official transcripts and three letters of recommendation will be required prior to employment along with a criminal background check.
